- ☐ Keep original hardware and paint hardware this color: _____
- ☐ Change hardware placement (Customer will provide new hardware) — \$5 per handle placement change
- ☐ Keep original hole spacing but install new hardware (Customer provides hardware).

New To You Redo is not responsible for any errors if the provided hardware does not fit the existing hole placement. The customer is responsible for measuring their handles and ensuring they purchase the correct size hardware.

Customer Initials (Hardware Agreement): _____

Section 5 : Clearcoat & Stain Sealing

- All painted surfaces are sealed with a semi-gloss clearcoat.
- If you prefer a different clearcoat, it must be provided by the customer.
- Stained tops are not clear coated unless otherwise requested. They are sealed with hemp oil, which does not require an additional clearcoat.
- We strongly recommend that any surface subject to high friction or frequent cleaning be finished with stain rather than paint, if the material allows. Stain is more durable than paint under heavy use.

Please note: Stain has natural variations based on the wood grain. The same stain color may look different on your piece compared to a sample or another piece in the store. All stained surfaces will vary depending on the coloration of the natural wood.

Customer Initials (Stain Variation Agreement): _____
